

FACTSHEET

FAR: LONE SAILS**DESCRIPTION**

»FAR: Lone Sails« is a vehicle adventure game. The player needs to maintain and upgrade their unique vessel to traverse a dried-out sea.

FACTS & FIGURES

- Coming for Nintendo Switch: August 18, 2019
- Available for PS4 (America & Europe) and Xbox One
- Available for PC and Mac on [Steam](#), [GOG.com](#) and [Humble Store](#)
- Playtime: 3–4 hours
- Base price: 14.99 USD

KEY FEATURES

- Master your vessel: Maintain and upgrade your vehicle to overcome numerous obstacles and natural hazards.
- Discover a unique world: Explore a desolate dried-out seabed, follow the trails of your people and find relics and buildings, that tell the story of a civilization on the run.
- Experience an atmospheric journey: Let the sky full of clouds pass by and heed the wind that drives your sails towards the horizon.
- A Zombie-free Post-Apocalypse: It's just you and your machine vs. the big nothing.

STORY

Under cloud-strewn skies, the player travels across a seemingly endless dried-up sea, littered with the remains of a once vibrant seafaring civilization. The game's world is largely devoid of life, yet filled with places to explore and history to discover.

What once was the bottom of an ocean, has turned into a graveyard for submarines and super tankers. Once bustling island settlements have decayed into hilltop ruins. What secrets do they hold? And more importantly... is there any salvage to be found?!

While the greater goal of the journey remains to be uncovered by the player, urgent short-term necessities call for immediate action. The train-like vehicle needs to be fueled, maintained and upgraded to master the challenges that lie ahead...
